**alloyfold.** LITE YEARS AHEAD

Aluminum Event Seating

## A6 MODEL FEATURING

- Improved Stacking
- Stainless Steel Fasteners
- Tighter Caps

Equally as strong but up to 30% lighter than many steel frame polyfold chairs, model A6 is virtually maintenance free. Its anodized aluminum frame is completely free of rust and requires no refinishing.

## FEATURES

Improved Stacking - Stack chairs securely up to 50 high!

Stainless steel fasteners make this the ultimate rust-free chair

Tight, secure caps will not fall off

Transport and store your Chairs with protective heavy-duty vinyl covers.

## COLOR OPTIONS

Wedding White

Black

## ALL-TERRAIN CHAIR CART

Model HD-ATC's four 10" wheels afford easy transport over grass, gravel, and curbs plus its narrow profile slips through standard doorways without concern. To reduce maintenance needs, HD-ATC's solid urethane wheels never need filling.

## PALLET

|            |  |
|------------|--|
| MODEL      | C600-PALLET  |
